Frequently Asked Questions

What is the purpose of this program?

This program is designed to teach people who are passionate about fitness and wish to become personal trainers, the knowledge, skills and abilities that they will need to succeed in the field.

Who is this program designed for?

This program is designed for both career changers and novice trainers who may (or may not) have completed a national certification, but have had no formal training or education in the field. There are no prerequisites.

When are classes held?

The classes are held over the course of 7 weekends on Saturdays and Sundays from 12:00PM – 7:00PM, with approximately one hour for lunch break. The 7th weekend includes the final exam.

Where will the classes be held?

In Los Angeles, classes are held at **Equinox South Bay** (5400 Rosecrans Ave). Please **do not call the club for information on the program; it is run remotely by the EFTI team.**

Equinox Academy is also offered in New York City. The NYC FAQ and registration materials are posted on the Equinox website. Or by request via EAinfo@equinox.com.

Is this program a certification?

No, Equinox Academy is a **training program, not a certification**. It is designed to give you the theoretical knowledge and practical skills that you will need to get started as a personal trainer. You will, however, receive a certificate of completion at the conclusion of the course.

Interested Equinox Academy graduates will have the opportunity to take the NCSF certification exam at a discounted cost (\$175). This exam is NOT included in the EA tuition fee; it is simply a benefit for our graduates since the NCSF textbook is used as a resource.

Will this program help me pass a national certification?

Yes. The program can help the trainer prepare for many national certifications such as NSCA, NASM, ACE, and NCSF. The program will help clarify many of the concepts found in the study guides by providing a strong foundation in the basics of anatomy, kinesiology, biomechanics, exercise physiology, fitness testing, program design, and more.

What are the specific topics covered in the program?

- Week 1 – Exercise Physiology**
- Week 2 – Anatomy & Kinesiology**
- Week 3 – Biomechanics**
- Week 4 – Fitness Assessment**
- Week 5 – Exercise Techniques and Progressions**
- Week 6 – Program Design**
- Week 7 – Case Studies, Review, Final Exam**

All classes include a mix of lecture and practical application. However, some material requires more of a presentation format and some allows for more hands-on learning.

Does this program guarantee me a job with Equinox?

No. This is a stand-alone training program designed to help career changers and novice trainers with the fundamental tools that they need to succeed in the business. The training acquired in this program would help a trainer start a career with Equinox or elsewhere. This training will also be useful for those studying for most national certifications.

Can I apply to work for Equinox upon completion of the program?

Yes. We welcome and encourage the top talent of the program to apply to be part of our team. We frequently hire 75-85% of EA graduates who often go on to become some of our most successful personal trainers.

What benefits would I receive if I were hired by Equinox as a graduate of this program?

Besides the advantage of working for what Fitness Magazine calls “The Best Gym in America”, as a graduate of the program hired by Equinox you would have the following advantages:

- 1) You will have already completed the first level of our in-house education (which normally takes several months to enroll in and complete). As long as you pass the EA final exam within two attempts, you will be exempt from the majority of first level classes.
- 2) You will have already done the coursework necessary to go from Tier I to Tier II, which would mean an increase to the next trainer pay level. You would be eligible for promotion to Tier II assuming the following criteria:
 - a. You are nationally certified
 - b. You’ve successfully completed a Tier II case study and manager-shadowed session
 - c. You have manager-approved programs for all clients
 - d. You have current CPR
 - e. You have a clean file (no disciplinary actions)
- 3) If you remain in our employ for one (1) full year from date of hire you will be eligible for **full tuition reimbursement**, assuming the following criteria:
 - a. You are a full-time employee
 - b. You have completed all of our in-house education and are a Tier III trainer
 - c. You have a recognized national certification
 - d. You have current CPR
 - e. You have a clean file (no disciplinary actions)

What is the tuition fee?

Tuition is \$1249 for the entire program and is payable in full upon registration. Fees may be paid by credit card (Visa, Master Card or American Express) or by check.

Current Equinox employees (front desk, member advisors, etc.) receive a \$200 discount on the program for a tuition fee of \$1049. This can be paid in (5) five payroll deductions of \$209.80 each. Please use the email below to inquire.

Are there any additional costs?

You will receive an NCSF textbook and an Equinox Academy CD manual (including all presentations) as part of your tuition cost. However, we also require the purchase of ***Anatomy for Strength and Fitness Training***, by Mark Vella. This should be purchased in advance of the class from Amazon.com or in most major bookstores (Retail Price: \$19.95, Amazon Price: \$13.57 at press time).

Where can I get additional information?

To request further information about the program, please contact:

[**EAinfo@equinox.com**](mailto:EAinfo@equinox.com)

How do I register?

Register for Equinox Academy using the forms included in this PDF (on the following pages).
